GLOATING OVER ACCIDENT.

EDITOR BULLETIN:—

In my opinion it is not the duty of a newspaper to misstate facts, nor to find jocular matter in a painful accident. If the Advertiser is edited and managed upon the plan of the Texas Siftings, Punch, or some other humorous journal there might exist some excuse for such an article as the one which appeared in this morning's issue, headed "They Paled," even then it would be very bad taste, and display the employment of a too decidedly "fresh" repertorial staff.

The truth of the occurrence is this, Mr. J. W. Birkane and several friends were having their usual target practice last Sunday. During the firing a native man accidentally had one of his fingers wounded. The finger was severely mangled but not severed. Thereupon this native man evinced more indifference to pain, as well as courage, than, in my belief, could exist in a half a dozen of the same kindred as the author of the Advertiser's article, by whipping out a jack-knife and completely severing the injured member.

As to the fainting, etc., I will simply state that one of the Advertiser's reporters is either in a trance, or is a well developed case of idiocy. By publishing the above statement you will be doing justice to parties whom the Advertiser's reporter attempted to use as a butt for a silly joke, but ignominiously failed.

THE MAN-FISH.

Captain Beach the man-fish was a drawing card to Remond Grove on Saturday. It took a train of eight cars and standing room occupied to carry the people. Mr. W. G. Ashley introduced the nautical performer and called up a committee to examine the tank placed on the orchestra platform five feet above the floor. Everything was found genuine and the performance proceeded. The tank was six feet long and two wide, containing a little over three feet depth of water.

Captain Beach first took a header, coming up again with a fish-like curve. He ate a banana under water, staying down 30 seconds; smoked a pipe, 19 seconds, bringing up the pipe alight; drank from a bottle, 34 seconds; wrote on a slate, time not taken; and took a nap at the bottom, occupying 1 min. 34 seconds. The front of the tank being of glass, all the feats were in view of the spectators. It was an interesting exhibition although containing no startling elements. Some people were disappointed because there was no humbug in the show.

NEW MAP OF HONOLULU.

Mr. C. V. E. Dove, surveyor, has completed the draft of his map of Honolulu for the new Directory now under way. It is neatly and cleanly executed, showing streets plainly. The two daily newspaper offices are shown, as well as Mr. Dove's own office. New streets made since the last previous map of the city is issued are put down, so that the work will prove a valuable convenience for business men. There is to be an issue of the map separate from the Directory, reproduced by the Schmidt Label and Lithographic Company of San Francisco.

TEMPORARY CHANGES.

Captain Wm. Freeman, late of the steamer Iwalani, which has been laid up, has taken command of the steamer Waialeale, and Captain Smythe of the latter vessel goes as captain of the steamer Pele. Captain Peterson returns to his previous capacity of first mate on the Pele, and first mate Charlie Brown has been transferred to a similar position on the steamer Kaala. WELL DONE KIDS.

First Victory Scored by the Crescents and Against the Honolulu at That.

Saturday's game was the biggest surprise party the Honolulu club has yet had. The giants had been practicing for days, not for the Crescents but their old antagonists the Kamehamehas, whom they meet next Saturday. They felt that their game with the kids would be a walk-over but this idea was very soon dispelled.

Angus stayed through the nine innings and pitched the ball in a way that deceived the champions, and in his good work in the box he was ably supported by every member of the nine. Hart, Wilder and Lishman in the diamond played well and Holt at left field did excellent work.

Jimmy Lemon pitched a winning game but the support from the other players was vile with the exception perhaps of the assistance rendered by Willie Lucas at right field.

The attendance was not as large as was expected owing to many persons being called upon at other places.

The following is the official score:

Professor Berger informs us that he has arranged with the flag ship bandmaster for an especially fine selection of pieces, and that every number will be played by both bands. It promises to be a gala night at the Hotel, and the public will no doubt fully appreciate Admiral Brown's kindness in contributing with his band toward giving the Honolulu public so many musical treats.

"German Syrup"

A Farmer at Edom, Texas, Says:

"We are six in family. We live in a place where we are subject to violent Colds and Lung Troubles. I have used German Syrup for six years successfully for Sore Throat, Cough, Cold, Hoarseness, Pains in the Chest and Lungs, and spitting-up of Blood. I have tried many different kinds of cough Syrups in my time, but let me say to anyone wanting such a medicine—German Syrup is the best. That has been my experience. If you use it once, you will go back to it whenever you need it. It gives total relief and is a quick cure. My advice to everyone suffering with Lung Troubles—Try it. You will soon be convinced. In all the families where your German Syrup is used we have no trouble with the Lungs at all. It is the medicine for this country."
